817-771-7157

A former powerlifter, Bekah Marhefka has been directing meets in Texas and Pennsylvania for the past several years. Unable to compete herself, her focus is on the experience of each competitor. Making a name for herself in the powerlifting community for hosting well-organized and lifter-focused meets has enabled her to build relationships that allow for meets to be held all over Texas. She also assists in running National, World and Invitational meets in other parts of the country.
